### 2009 and Common Core Math Additions

The following pages contain the official adoption list for mathematics. The following document contains a list of recently reviewed Common Core Additions in addition to textbooks adopted as part of the 2009 Math Adoption. Within each grade level, the first section of the list contains the materials aligned to the Common Core State Standards, and the second section contains the materials aligned to the 2009 Indiana Mathematics Standards.

Reviews and comments are available for the Common Core Additions and are being provided to assist schools as they commence their local review and adoption of textbooks. Similar reviews and comments are unavailable for the materials aligned to the 2009 Indiana Mathematics Standards. The reviews and comments represent the views or opinions of the persons or entities producing the review or comments and do not reflect the views or opinions of the Indiana Department of Education, the Indiana State Board of Education, or the Indiana Textbook Advisory Committee. These reviews and comments can be found at [http://www.doe.in.gov/opd/textbook/math\\_reviews/index.html](http://www.doe.in.gov/opd/textbook/math_reviews/index.html).
